Mar – 25/26 Ministry Plan

May – 24/25 Program Review

SCA Alternative Program Agreement

SCA began as an alternative program with EIPS in 1998/99 academic year
Previous agreement signed in 2018 and set to expire in 2025
EIPS and SCA Society are very proud of this long partnership and last year extended the current agreement to 2030

2024/2025 Priorities – Capital and Funding

Three years of record setting enrollment, reaching capacity.

What is our vision for growth and change?

How do other alternative programs bring in capital funds?

How could fundraising or alternative funding streams look for us?

2024/2025 Priorities – Spiritual Outcomes

Flourishing schools survey a few years ago

How do we know how we are doing in discipling our kids?

Work with ACSI expertise for next steps in evaluation

2024/2025 Priorities – Continuity

Passing on knowledge we've gained over past five years

Are we appropriately staffed for our short and long term goals? A lot of work handled by volunteers and may deter potential board directors

Thank You
